

A guide to Base Rate Tracker Savings Account

Applies to applications from 3 April 2025

With our Base Rate Tracker Savings Account, we do all the hard work for you by tracking the Bank of England base rate – so if it goes up, the interest rate we pay on your savings will also go up by the same amount.

What's more, if you hold an eligible current account with us you will benefit from higher rates of interest.

Account benefits

- The interest rate is variable and tracks at a variable margin that could be either below, equal to or above the Bank of England base rate (the Tracking Rate) dependent on your account balance. So, if the Bank of England base rate changes, your interest rate changes as well.
- Higher rates of interest available for eligible Co-operative Bank current account holders.
- Offers tiered interest rates meaning the more you save the more you earn.
- You won't have to worry about changing deals as your savings rate will automatically move in line with base rate.
- Receive interest paid every year on 5 April.
- Open your account as a sole or joint account.
- Manage your account online, through our mobile app, by telephone, in branch, or by post.

This account might be right for you if:

- You're happy with a variable rate of interest that will go up or down in line with changes to the Bank of England base rate
- You'd like easy access to your money.

This account may not be right for you if:

- You want the security of a fixed interest rate that's guaranteed for a set amount of time
- You have a Current Account Plus, Privilege Current Account or Privilege Premier Current Account, the savings account linked to your current account may be more suitable; please ask us for more details
- You plan to save lower amounts when another account may be more suitable.

Eligibility

To open a Base Rate Tracker Savings Account you must:

- Be a UK resident aged 16 or over.

Product specific terms and conditions

These terms apply to the Base Rate Tracker Savings Account. They add to our Co-operative Bank General Terms and Conditions and will apply instead of any term in the General Terms and Conditions if there is a difference. Please read them and keep them safe.

Variable interest rates can go up and down. To find out the current interest rates on our variable rate savings accounts, please visit our website at co-operativebank.co.uk or contact us.

Interest earned will count towards your available Personal Savings Allowance.

To find out our daily maximum withdrawal limits for different types of withdrawals, please visit our website at co-operativebank.co.uk or contact us.

Interest

Paying interest at the higher or lower rates. This account pays higher interest rates if you hold an Eligible Current Account with us. To receive these higher rates you must hold either of a **Co-operative Bank Current Account, Current Account Plus, Privilege Current Account, Privilege Premier Current Account, Student Current Account, Cashminder Account, Everyday Extra Current Account**, (each an “Eligible Current Account”). This means :-

Where you hold an Eligible Current Account at the date of opening this account you will be paid interest at the higher rates from that date;

- Where you do not hold an Eligible Current Account at the date of opening this account you will be paid interest at the lower rates from that date;
- In the case of joint accounts either or both of you may hold an Eligible Current Account to benefit from the higher rates.

We will move you from the higher rates to the lower rates (or from the lower rates to the higher rates) as follows:-

- Whenever an Eligible Current Account is closed (for whatever reason) we will change your interest rate to the lower rates the following Business Day[†] after the account is closed.
- Whenever you open an Eligible Current Account we will change your interest rate to the higher rates the following Business Day[†] after the account is opened.
- We will notify you in writing whenever this has happened.

Interest rate

The interest rate (whether under the higher or lower rates) is variable and tracks at a variable margin that could be either below, equal to or above the Bank of England base rate (the Tracking Rate) dependent on your account balance. If the Bank of England base rate changes, the new interest rate on your account will apply without notice, no more than 14 Business Days[†] following a change in the base rate. The current Tracking Rates and applicable Balance Tiers are set out in the table above.

We may vary the Tracking Rates and/or the applicable Balance Tiers at any time in accordance with our rights to make changes set out in the General Terms and Conditions.

Where at any time the Bank of England base rate is at a level that is equal to or below the Tracking Rate applicable to your Balance Tier then the interest rate you receive will be 0.00 %.

When is it paid?

Annually on the 5 April.

How is it paid?

Into this account.
